

Mr. Kohon,
I am submitting the following presentation outline in response to the "Call for Abstracts" for the HESNI Annual meeting held on May 3 & 4, 2012. The presentation length is approximately 45-minutes.

NFPA 101, Life Safety Code - The new 2012 edition With a focus on Health Care

This presentation is a review of the major changes to health care occupancies in the 2012 edition of NFPA 101, Life Safety Code. This Code was just recently published and CMS is considering the code for formal adoption. The following learning objectives would be discussed:

- Review the code preparation process.
- Discuss major changes to the new edition of NFPA 101.
- Present operational and design advantages and disadvantages to the new Code.
- Discuss the formal adoption of these new requirements.

Please respond back or call me if you require additional information or have any questions.

Thank you,
Bill.
